

# Activity #4: Wacky Illusions

A Brain Module Activity: **Can you Untrick Your Brain?**

## Description

This awesome activity asks you to see if you can figure out how certain illusions work. You have to be able to compete with the others at the station in order to see if you can guess how an illusion is being done and which part of the brain is affected. We will explain how each illusion is done at the end and how the brain allows for the illusion to occur.

COME ONE! COME ALL!

UNTRICK YOUR  
EYES

AT THIS ILLUSION SHOW

## How To Do It

We will not reveal our illusion here. Haha nice try! Participate in the game to find out whether you can overcome our tricks and figure out how the illusions work. Work as a team or work individually. Do whatever you need to decode the Wacky Illusions!
